for hypnotherapy to achieve their self improvement goals. As a Hypnotherapist, I offer vocational or avocational self-improvement, or work under referral of Doctors, Dentists or Psychologists. Because one or more of their stated goals may have a physiological basis, I act only as an agent to provide self-care strategies, methods, relaxation, stress reduction and support.

I ask for your referral for this client, not as your endorsement of hypnosis, but rather as your confirmation that you are aware of your patient's symptoms and goals and do not feel that seeking hypnotherapy for motivation to achieve those goals would in any way interfere with any necessary medical treatment or that hypnotherapy is in any way medically contraindicated for your patient.

I welcome your recommendations and referral so that I may be of continued service to my client. Your prompt reply is greatly appreciated.

Thank you.
